Please bring: N/A

Minutes

Agenda item: Review requirements for sprint completion **Presenter:** Team Discussion

Discussion:

Here we will discuss the inner workings of accessing and updating information from the database. Primarily, reviewing the ProfileLogic and ShareLogic classes.

Conclusions:

By the end of this meeting, we should have a clear view on how to access and update information from the database

Post meeting Requirements

Person responsible

Deadline

Revision of our responsibilities on which areas of the sprint require completion.
